The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Village of Corrales Wastewater Loma Larga Main project in fiscal year 2026. The entity to receive funding for this project is the Village of Corrales, located at 4324 Corrales Road, Corrales NM, 87048. The funding would be used for the construction and installation of a main line for wastewater on Loma Larga connected to the Corrales Road Mian line and to the water authority used for the current line.

The project is an appropriate use of taxpayer funds because its operation maintains public health standards and will reduce groundwater contamination from the current septic tank system.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq. [Clean Water Projects].

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Melanie A. Stansbury
Member of Congress
